PRACTICAL EXPERIENCE

Undergraduate Research Assistant

ISU Department of Chemical and Biological Engineering

Jan 2025 – Aug 2026

- Designed experiments for identifying genetic knockdowns and validating selections.
- Performed transformations, minipreps, PCR, gels, and other standard protocols.
- Used MATLAB/Python for low-bp alignment of noisy genomic sequences.
- Used PyMOL for ligand binding + structural comparison.
- Collaborated with a graduate student, met with the PI, and presented semesterly.
- BSL-1 trained with strong microbiology/biochemistry fundamentals.

HIGHLIGHT / RECENT PERSONAL PROJECT

Bennett-Anderson.com

Personal Website

- Designed and deployed a responsive portfolio site using Next.js, TypeScript, and Tailwind CSS.
- Implemented multi-device compatibility of features, dark mode toggles, animated navigation, and project showcase with GitHub integration in a system designed for easy expansion.
- Hosted on Vercel with custom domain; demonstrates full-stack web development, UI design, and adaptive ability to quickly become productive with unfamiliar tools.

ISU LEADERSHIP ACTIVITIES

Peer Mentor, BME 1040

Jul 2024 – Dec 2024

- Led a roughly 20 freshmen class; weekly custom lesson plans.
- Held 1:1 goal-planning and support sessions.
- Coordinated and conducted events fostering positive faculty and student relationships.

Lap Simulation & Testing Engineer

ISU FSAE Team

Aug 2023 – Nov 2024

- Programmed MATLAB acceleration simulation to influence top-level design choices.
- Modeled parts in SolidWorks for concept demos.
- Mentored new members; contributed to test days.

Document personally designed in LaTeX

EDUCATION

B.S. in Biomedical Engineering

Iowa State University - 3.53/4.00

Expected May 2027

- Minor in Pharmacology

SKILLS & SOFTWARE

MATLAB | Python | LaTeX | SnapGene | PyMOL | SolidWorks | Experimental Design | Genomic Data Alignment | Protein Visualization | Microbiology Techniques | Technical Presentation | Git/GitHub

LOCAL INVOLVEMENT

Tutor

Iowa State University

Feb 2025 – May 2025

- Supported students in physics and biology.

Model

ISU Fashion Show

Jan 2024 – Apr 2024

- Walked runway for 2 outfits + designer set.
- Collaborated with designers + directors.

Volunteer

Food at First

2023 – 2024

- Helped provide food for community members in need.
